

Worksheet for Teacher Notes

Activity 1

Teacher Lead Discussion

Conduct a teacher-lead discussion of the content of the lesson to the class. You might use yourself as an example to illustrate all of the steps in this lesson activity. You could walk through the lesson activities by illustrating three career choices that you considered. Then describe how you made the choice of teaching as a career.

Focus the teacher-lead discussion upon the following:

- An introduction to career exploration

- The process of weighing career options

- The process of investigating one career consideration

- The process of conducting Internet searches

- The process of preparing a report using text-formatting techniques
